Wadelius Drive Re-Opens Temporarily

Now that the cold weather has returned, the Trustees agreed to re-open Wadelius Drive between the middle school and high school. This decision was based in part on a better chance to maintain the road now that run off water is less likely to make it impassible. Another reason was due to the danger imposed on students by some people driving vehicles around the barricades on to sidewalks and even across school

lawns.

When warmer weather arrives in the spring and the impassibility of the road returns, it will be closed with more barriers used to prevent vehicles driving over school property. Meanwhile, the School Division awaits a visit from a Manitoba Education consultant to examine the basic drainage problem that is the cause of the roads deterioration.
